OBJECTIVE

As a recent graduate in multidisciplinary design, I am eager and curious to apply my creativity and problem-solving skills to contribute to innovative design projects for any company or client. I'm a highly motivated and adaptable person with a lot of passion for design, seeking for opportunities to gain more experience and make a meaningful impact in the design field.

MY BIO

Hello, I am a recent graduate on a mission to bridge the gap between imagination and innovation. My journey through multidisciplinary design has been nothing short of an adventure, and I can't wait to turn this all adventures into a career.

While I may not have a trail of professional experiences behind me, what I bring to the table is a fresh, unjaded perspective, ready to absorb new challenges and grow. My design Projects during my academic journey have been my playground, where I have honed my skills and crafted solutions that tackle real-world problems.

EDUCATION BACKGROUND

January 2023 - December 2023: I pursued my college education at Nairobi Trust where I took **Diploma in Multidisciplinary design**, under Nairobi Trust I engaged in two distinctive programs: the Digital Literacy Program (DLP) and Advanced Multimedia Program (AMP).

In DLP I received comprehensive introduction to computers and gained a foundational understanding of graphic design. This program equipped me with essential technical skills and ignited my creativity in the digital design realm.

In AMP I got delved deeper into multidisciplinary design, expanding my knowledge and capabilities thus, fostering my holistic approach to design thinking, problem-solving, and innovation, preparing me to tackle complex challenges creatively. I now stand as a well-rounded individual, ready to contribute to the diverse world of design and innovation.

2018-2021: I completed my secondary education at Iloodariak Secondary School, where I achieved a mean grade of C plain. This educational journey provided me with a strong foundation and essential knowledge setting the stage for my future academic and personal growth.

2009 – 2017: I attended two different schools. I began my primary education at Kavingo primary school and later I transitioned to Bridge Of Hope Educational Centre. In my primary education I managed to attain a mean grade of C+. All of these formative years laid the groundwork for my academic journey, instilling me the fundamental knowledge and skills that have shaped my whole education path.
